

ATTACHMENT A

<u>Subject</u>	<u>ORR Competence*</u>	<u>Comment</u>
Aluminum	Yes	
Antifriction Bearings	Yes	
Chlorine	Yes	
Coke Chemicals	Yes	
Copper, refined	Yes	
Personnel	Yes	
High Explosives	No	Further definition is necessary. N/CH studies production of the various chemical explosives. I/WA computes explosives inputs to ammunition production in various areas.
Magnesium	Yes	
Nickel, refined	Yes	
Rubber Tires	Yes	
Steel	Yes	
Soda Ash	Yes	
Propellant	No	No study is currently in progress in this subject. I/WA prepares estimates of explosives inputs to ammunition production in various areas.

\* Under the conditions stated in the accompanying memorandum, ORR could supply annual production estimates by plants, for the geographical areas previously studied by Air Force, and in similar form, i.e., metric tons, units, etc.

~~GLOBAL~~

<u>Subject</u>	<u>Our Competence?</u>	<u>Comment</u>
Primary Refined Lead Industry	Yes	
Pig Iron Industry	Yes	
Metallic Sodium Industry	Yes	
Cobalt Industry	Yes	
Smelted Nickel Industry	Yes	
Chemical Equipment Industry	Limited	Overall industry production estimates for the USSR are expected to result from current research. East German data currently is available for 1949-54.
Caustic Soda Industry	Yes	
Calcium Carbide Industry	Yes	
Cadmium Industry	Yes	
Alumina Industry	Yes	
Primary Tin Industry	Yes	
Primary Zinc Industry	Yes	
Agricultural Machinery Industry	Limited	Overall industry production in value terms can be supplied for the USSR, East Germany, Hungary, and Poland. Production figures on certain equipment types are available for Bulgaria and Rumania.
Oil Extraction Equipment Industry	No	Insufficient research has been accomplished in this subject.
Bonded Abrasive Industry	No	See "Crude Abrasive Industry" below.

**SECRET**

Approved For Release 2001/03/02 : CIA-RDP61S00137A000100140060-9

<u>Subject</u>	<u>ORR Competency*</u>	<u>Comment</u>
Crude Abrasive Industry	Limited	Estimates can be supplied for the USSR only, of Silicon Carbide and Aluminum Oxide by quantity; and for Artificial Abrasives, Natural Corundum and Flaxy by value.
Cutting Tool Industry	No	Insufficient research has been effected.
Earth Moving Machinery Industry	No	Insufficient research has been done in this subject.
Electric Wire and Cable Industry	Yes	
Heavy Generator Industry	Yes	
Heavy Transformer Industry	Yes	
Heavy Turbine Industry	Yes	
High Pressure Boiler Industry	No	Insufficient research has been performed.
Lead-acid Storage Battery Industry	Yes	
Machine Tool Industry	Limited	Overall national industry estimates can be supplied, except for North Korea, and Sovzone Austria.
Metalworking Machinery Industry	Limited	Overall national industry figures are anticipated for the USSR from work in progress.
Mining Machinery Industry	No	Insufficient research has been accomplished.
Optical Equipment Industry	Limited	Currently estimates are available for East Germany only.
Smelted Copper Industry	Yes
